How to make simple Halloween costumes

You will require:-

Coloured Felt,
Pieces of Fabric
Ribbons
Scissors
Sewing Cotton
Sewing Needle
Tracing Paper
Pencil
Sequins, pom poms
and decorations

As Sylvanians come in many different sizes, it is always best to cut out the shapes in paper first to check that they fit your characters. These paper clothes can be tested out on your Sylvanians, altered and corrected without wasting lots of felt. The shaped felt clothes are wrapped around your Halloween stars and held in place with cord or cotton. The hats and the pumpkin outfits can be sewn or glued together. Using the patterns and pictures as a guide you can create your own costumes and characters. Have fun!
