**Parental Supervision Required**

1 **2** **3** **4** **5**

1. Carefully cutout your book cover and fold along the dotted lines. Then cut out the card size required for your chosen cover and glue the cover to the card, folding over the edges as shown.
2. With a ball point pen score along the inside of book spine as shown.

3. Cut the white paper into 60mm wide strips and fold in half. Measure out draw the paper sizes required for your book down the strip. Sizerequired for each book is listed above. Cutout 6 or 7 of them as shown.
4. Line up and put your cutout pages together and clamp with a bulldog clip. The folded

edges can now be squeezed together and glued. Remove any excess glue and clamp the glued spine with Bulldog clip. As shown.
5. Once dry, the pages can be glued into the cover. Wipe off any excess glue, protect the cover with a piece of paper and clamp spine until dry.
